Share the best item on your list.

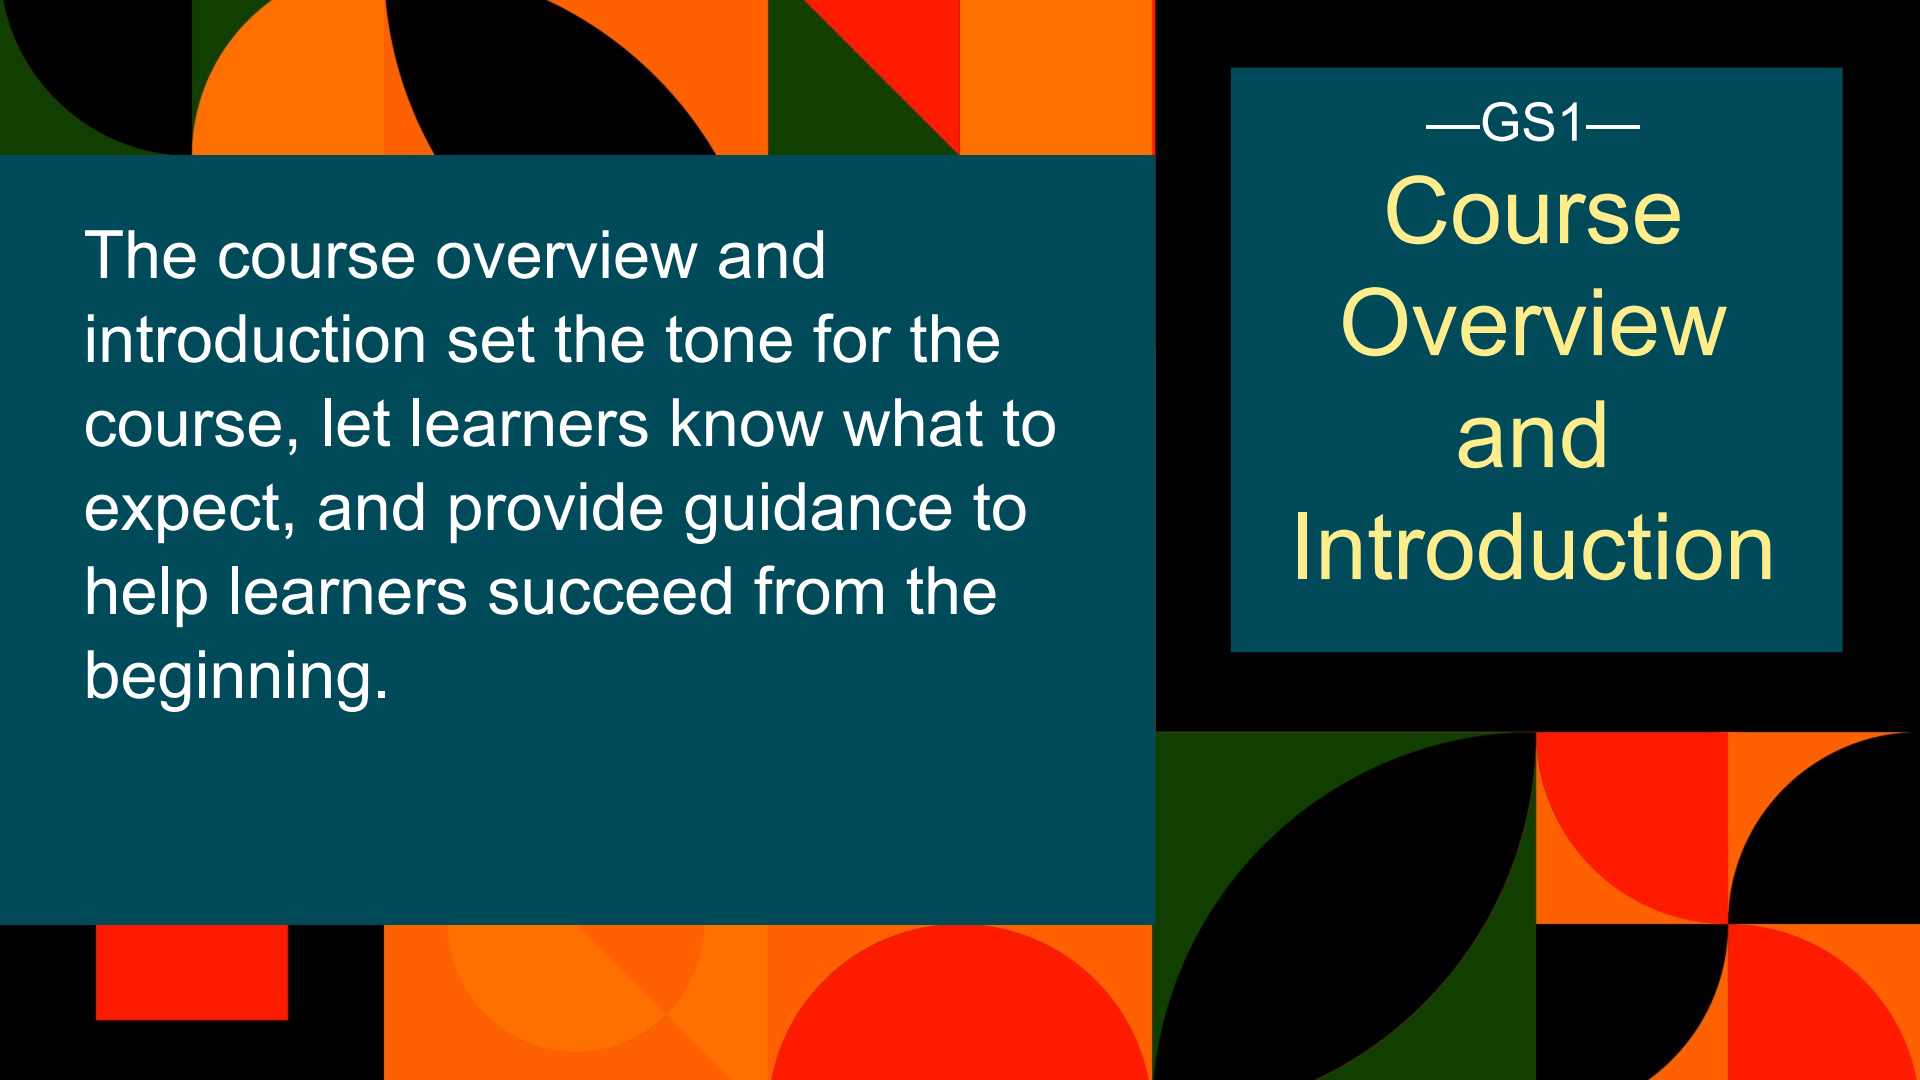

Yes!

And...

Yes, And—with Notes!

**Raise your hand to
share what makes
this The World's
Best Course.**

The course overview and introduction set the tone for the course, let learners know what to expect, and provide guidance to help learners succeed from the beginning.

—GS1—

Course Overview and Introduction

THE

UNMEASURABLE

OBJECTIVE

PARADOX

You are the student.

And you've got some **questions...**

Learning Objective #1

**Understand the
importance of
effective
communication
in the workplace.**

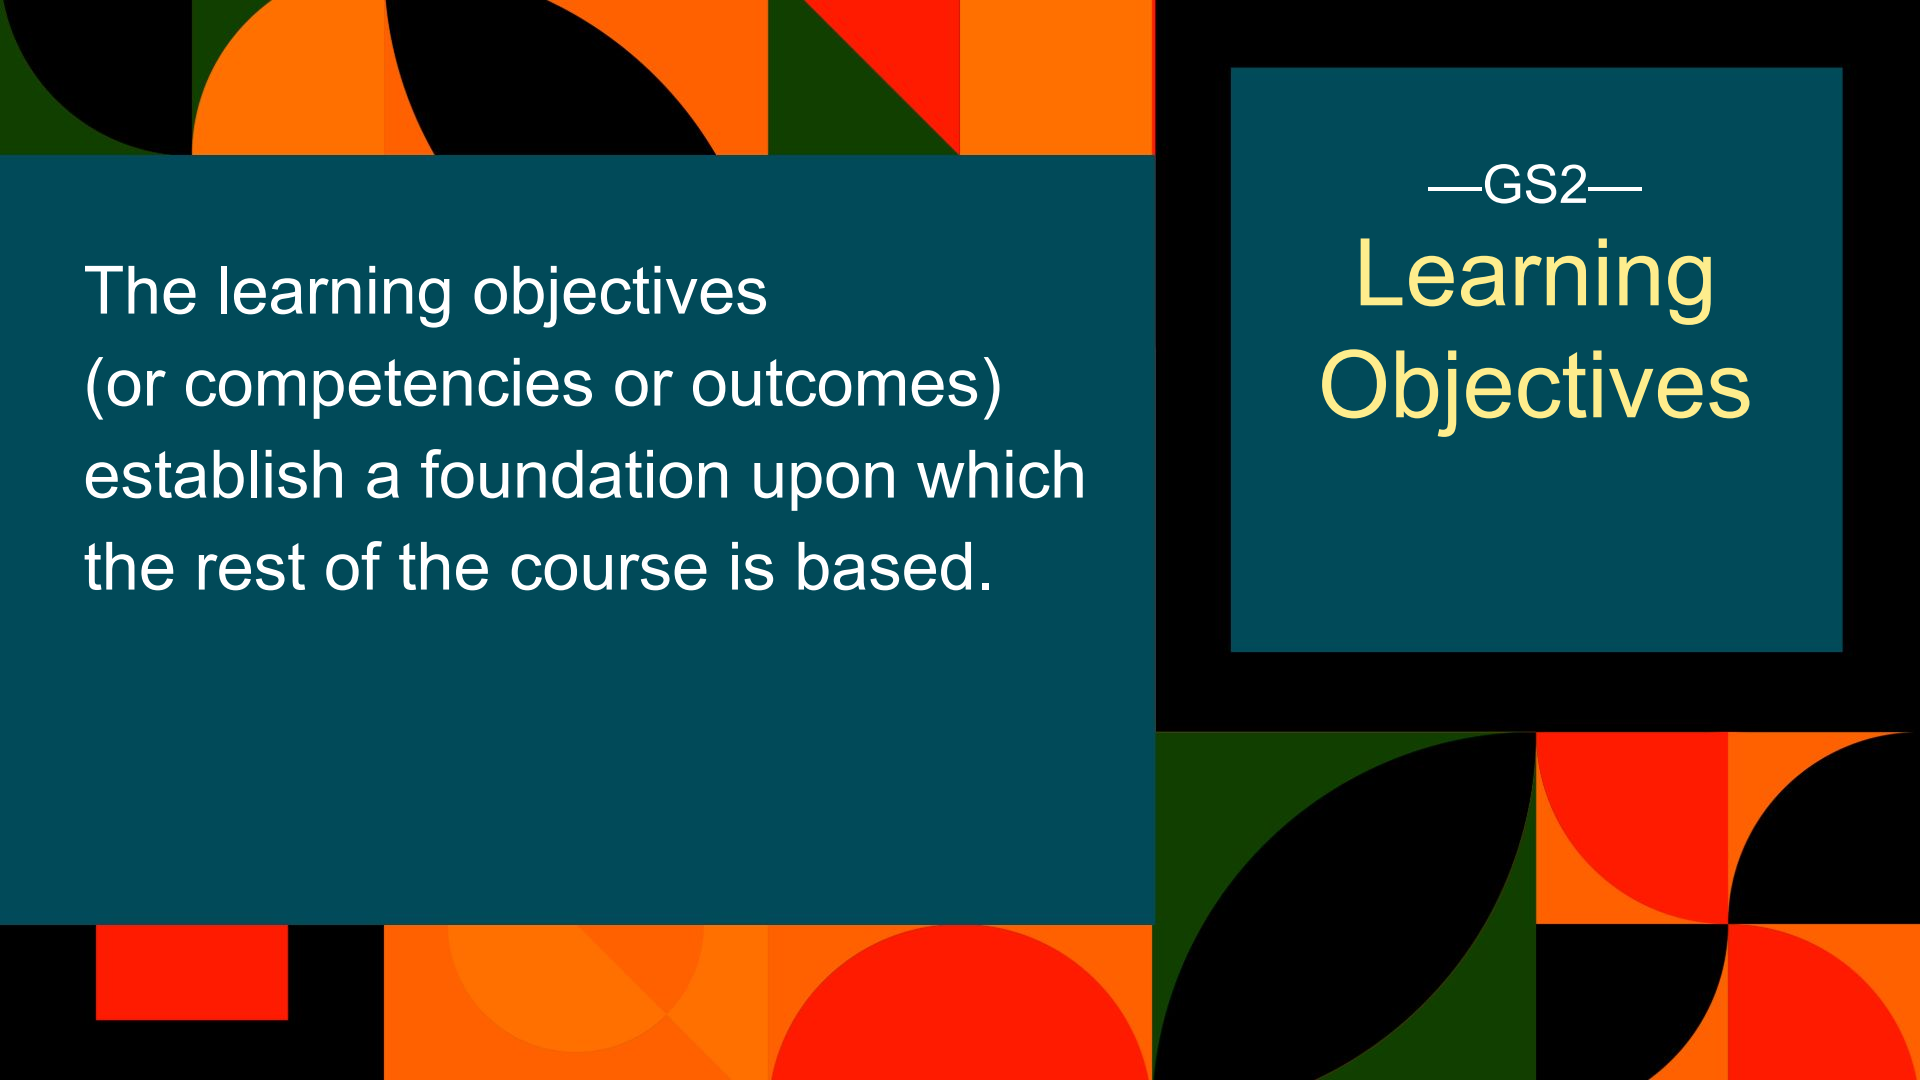

Learning Objective #2

By the end of this module, learners will be able to comprehensively and confidently demonstrate an understanding of the various essential, foundational principles and concepts that underpin effective communication skills in a professional workplace environment, including but not limited to verbal communication, non-verbal cues, listening skills, and appropriate context-sensitive responses in both individual and team-based scenarios, in order to enhance collaboration, productivity, and overall workplace morale.

Learning Objective #3

Explain how the three strategies for effective communication in the workplace benefit a team setting.

The learning objectives
(or competencies or outcomes)
establish a foundation upon which
the rest of the course is based.

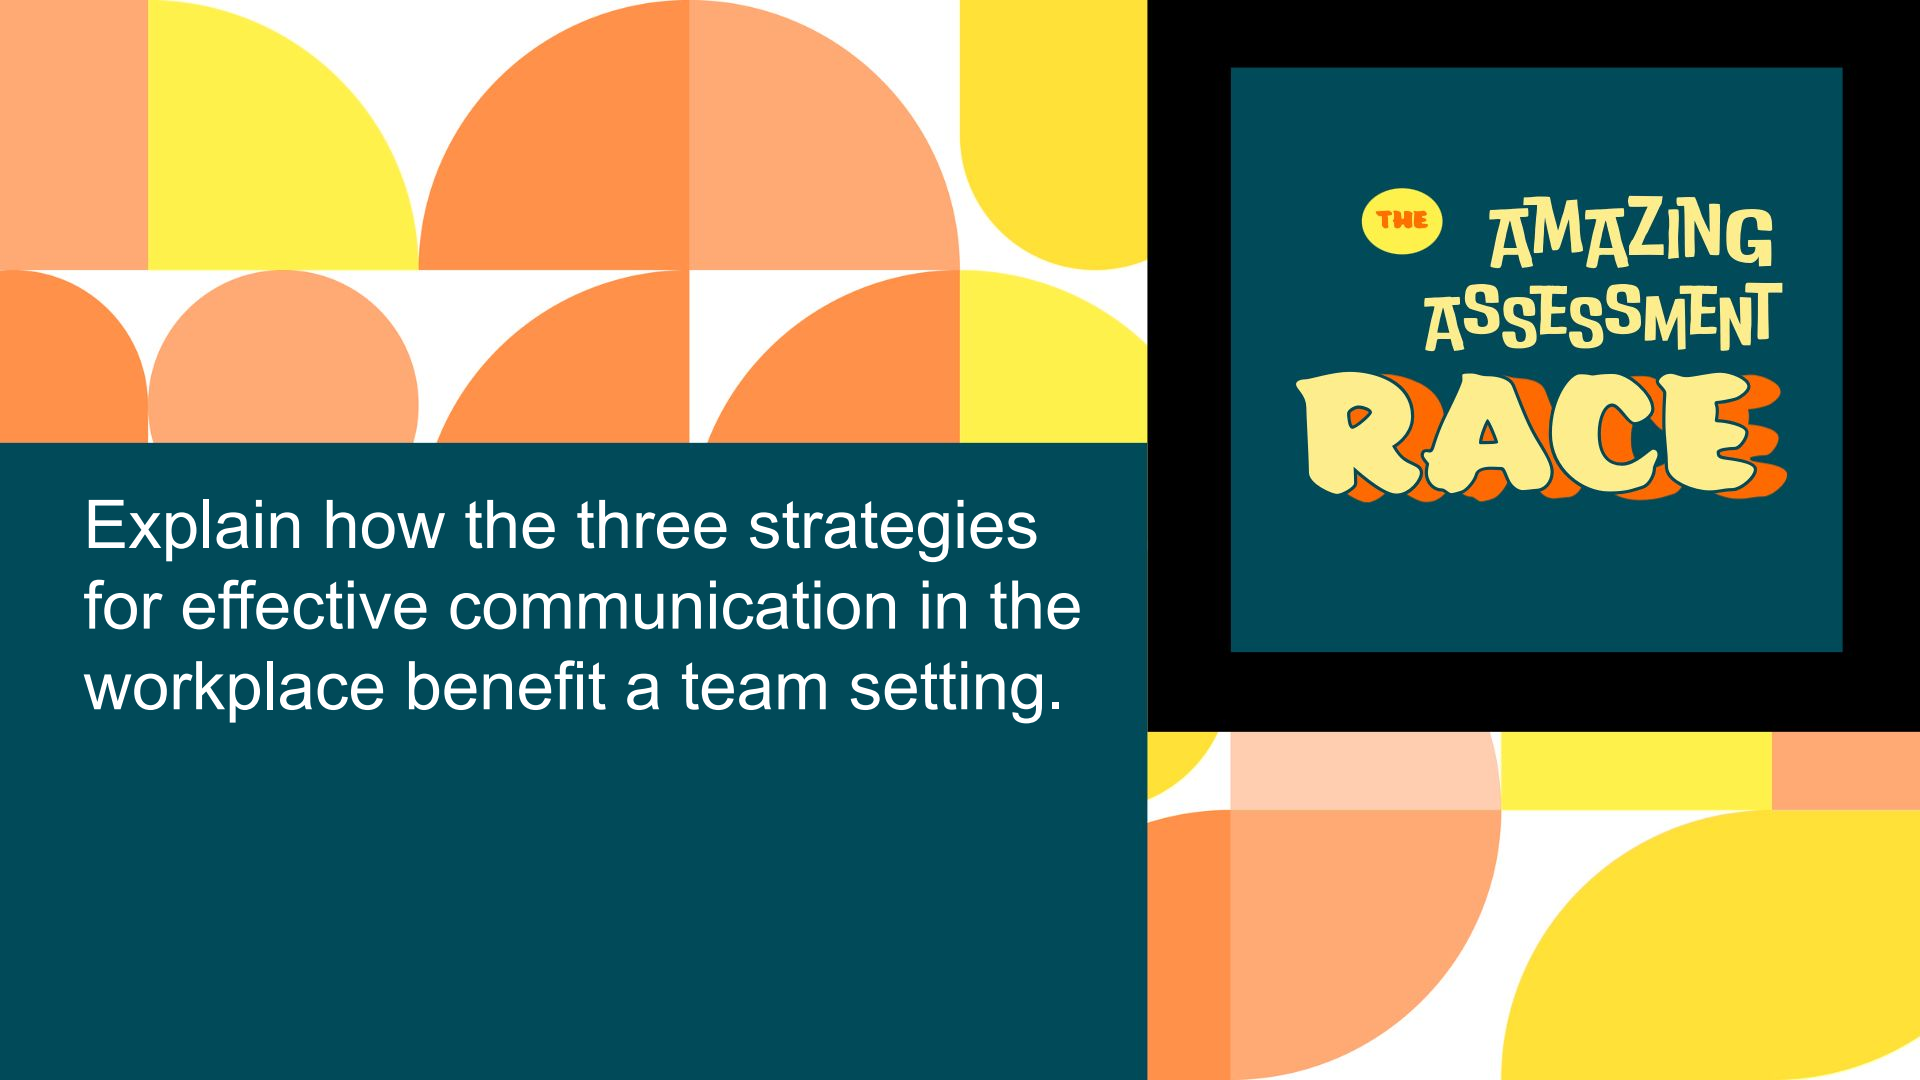

—GS2—

Learning Objectives

THE
AMAZING
ASSESSMENT

RACE

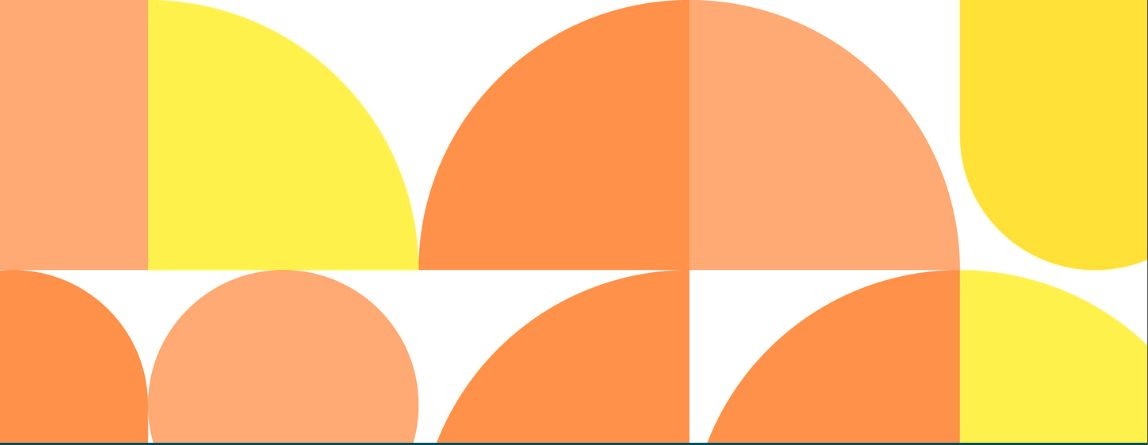

Explain how the three strategies for effective communication in the workplace benefit a team setting.

THE AMAZING
ASSESSMENT
RACE

Which team will cross the finish
line first?

THE AMAZING
ASSESSMENT
RACE

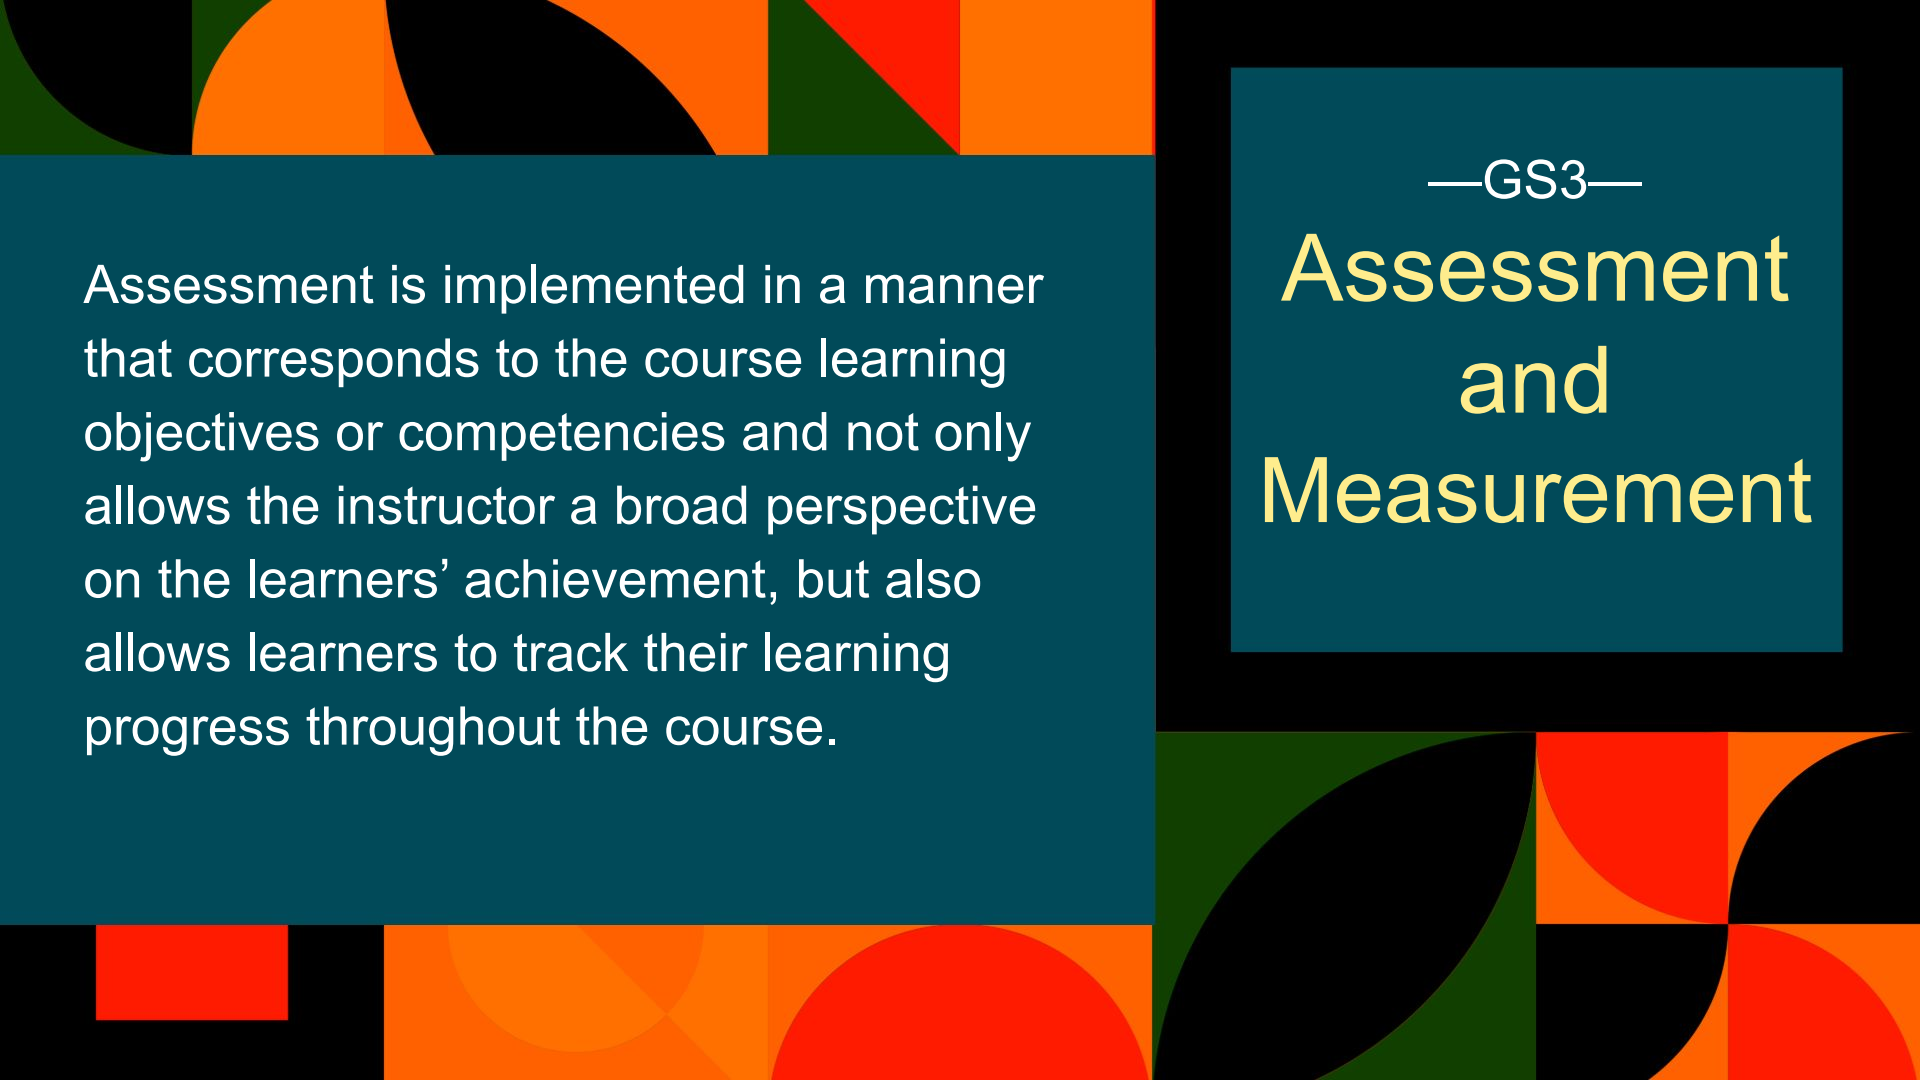

You be the judge!

1. Performs the action.
2. Addresses specific context.
3. Demonstrates mastery.

“Explain how the three strategies for effective communication in the workplace benefit a team setting.”

Qualifying
Criteria

Assessment is implemented in a manner that corresponds to the course learning objectives or competencies and not only allows the instructor a broad perspective on the learners' achievement, but also allows learners to track their learning progress throughout the course.

THE
WORLD'S WORST
LEARNING ACTIVITIES

“Explain how the three strategies for effective communication in the workplace benefit a team setting.”

What's the WORST learning activity we could ask students to do for this objective? (Can be ANYTHING!)

Stand to share out!

Course components that promote active learning contribute to the learning process.

—GS5—

Learning Activities and Learner Interaction

PROP IT
LIKE IT'S HOT

How can it
be used?

The technologies enabling the various tools used in the course facilitate the learning process.

Activities

Assessments

**GUESS
WHO**

- 1. Name**
- 2. Emotion**
- 3. Reason**
- 4. Resources**

It is important to ensure online learners know they have access to and are encouraged to use the services that support learners at the institution.

In this Standard, four different kinds of support services are addressed: technical support, accessibility support, academic support services and resources, and student services and resources.

—GS7—

Learner Support

THREE WISE MONKEYS

ROUND ONE

**Without revealing the answer,
do you know what this is?**

ROUND TWO

Without revealing the answer, do you
know what this is?

**What is the name
of this viral
dance?**

An abstract geometric pattern on the left side of the image. It features a grid of squares, some of which are further divided into triangles and circles. The colors used are orange, yellow, and white. The pattern is complex and layered, with some shapes overlapping others.

**Who thinks we
can make this
even BETTER?**

The slide features decorative geometric patterns in the top-left and bottom-left corners. The top-left pattern consists of overlapping circles and squares in shades of blue, white, and yellow. The bottom-left pattern includes a solid red square and overlapping circles and squares in shades of yellow and white. The main background of the slide is a solid dark teal color.

Audio + Video + OC

A female cartoon character demonstrates the steps of the Macarena dance. She begins by placing her right arm out in front, parallel to the floor, palm down, and mirrors the movement with her left arm. She turns her palms upwards, then crosses her arms by touching her right hand to her left shoulder and left hand to her right shoulder, forming an X shape across her chest. Next, she touches both hands to the sides of her head, then moves her hands to opposite hips, and uncrosses them to rest on their corresponding hips. Finally, she moves her hips in a circular motion three times before jumping and turning 90 degrees to the left. The process repeats to match the beat of the Macarena song.

The course design utilizes the principles of accessibility and usability, reflecting a commitment to ensuring diverse learners can access all course content and activities, and can easily navigate and interact with course components.
